Education

University of Dundee

BSc (Hons) Computer Science

Dundee, Scotland

Expected May 2029

- Predicted First-Class Honours (Grade Band A4 / 19 on 23-point Scottish scale)
- **Relevant Modules:** Data Structures & Algorithms, Mathematics for Computer Science, Object-Oriented Programming, Unix Systems

Kemnay Academy

SQA Qualifications

Aberdeen, Scotland

May 2019 – May 2025

- Advanced Higher Computer Science – A, Advanced Higher Mathematics – A
- Higher – 4 As, 3 Bs

Experience

Quackathon 2026

HTML, CSS, JavaScript

Mar 2026

Dundee, Scotland

- Built a web-based study group finder in 24 hours as part of a 4-person team, competing against 50+ participants
- Implemented a BFS-based shortest-path algorithm to match students with the closest study group

Projects

Clinical Pain Assessment App

TypeScript, Java, React Native, Spring Boot, PostgreSQL

Jul 2026

GitHub

- Developed a cross-platform iOS and Android app from one React Native and Expo codebase
- Automated pain-assessment score calculations across four validated clinical scales to support clinicians
- Engineered a Spring Boot and PostgreSQL REST API for user accounts, patient records and assessment history
- Secured the API with JWT-based authentication using Spring Security

Typing Test Web Application

HTML, CSS, JavaScript, PHP, MySQL

Dec 2025

Live Demo

- Engineered a full-stack typing test platform supporting real-time WPM tracking, user accounts, and persistent performance history
- Designed a MySQL schema with a 3-table relational model to support scalable user performance tracking
- Built a secure authentication system with hashed passwords and SQL injection protection
- Gathered feedback from 3 experienced typists to refine WPM accuracy and UI responsiveness

Extracurricular

Course Representative

University of Dundee

Jan 2026 – Apr 2026

Dundee, Scotland

- Volunteered to represent a cohort of 60+ first-year Computer Science students in monthly meetings with lecturers
- Gathered feedback by emailing the cohort ahead of each meeting, then consolidated and raised the concerns collected on the year group's behalf

Societies

- **Computer Science Society**
- **Weightlifting Society**

Technical Skills

Languages: Java, JavaScript, TypeScript, Python, PHP, HTML/CSS

Frameworks: React, React Native, Spring Boot

Databases & Tools: MySQL, PostgreSQL, Git, Linux

Certifications: AWS Certified Cloud Practitioner, J.P. Morgan – Software Engineering Job Simulation
